

JOSEPH COOPER

CHRIS MEHLING

## LETTER TO OUR FRIENDS,

As we celebrated our 40th year of operations in 2022, it has been heart-warming to witness the ongoing support of our many partners and friends who have helped shape and grow Vita Living. In 1982, Renee and Stan Wallace had few options for community living for their son Ricky. Ricky's behaviors and the lack of housing options in Houston prompted the Wallace's to start Vita Living to provide a "vital life" for Ricky and other individuals like him. Today, we continue this legacy in the spirit of the agency's core values of acceptance, respect, compassion, dignity, and hope.

Vita Living ended the year in a solid financial position, exceeding fundraising goals and had its most successful fundraising events to date. Our greatest accomplishment during our 40th year was Vita Living's ability to fully provide the services in all our programs. For our clients, being together five days a week at the **Day Center** has helped strengthen their sense of community and deepen friendships, our **20 residential group homes** feature spacious amenities where our clients feel safe and have thrived, and our **Case Management** program has continued providing much needed outreach and services to our home-based clients within a seven-county region.

*"Our greatest accomplishment during our 40th year was Vita Living's ability to fully provide the services in all our programs."*

Despite the pandemic, staffing challenges, and inflationary pressures on the cost of food and other supplies, the needs of our

clients were foremost in our thoughts and in our delivery of services. We accomplished this by working together as a team and maintaining our focus on Vita Living's mission, all while our funders and community partners stood with us. You have helped us make Vita Living the organization it is today. Thank you.
